Proposal 4: Determination of Compensation for Allotting Restricted Stock to Directors

At the 62nd Annual General Meeting of Shareholders held on June 28, 2007, the amount of compensation for Directors, not including Outside Directors, of the Company was approved as “not exceeding an annual amount of 465 million yen” (not including the employee portion for the salary of a Director who has concurrent positions of an employee and a Director). Additionally, at the 70th Annual General Meeting of Shareholders held on September 25, 2014, the amount of compensation for Outside Directors was approved as “not exceeding an annual amount of 30 million yen.”

In order that Directors other than Outside Directors (hereinafter referred to as “Eligible Directors”) become able to share benefits and risks of stock price fluctuation with shareholders and to further enhance their willingness to contribute to raising stock prices and improvement of corporate value, the Company now requests that common stock subject to provisions concerning a certain term of stock transfer restriction and grounds for acquisition of shares by the Company without any contribution, etc., (hereinafter referred to as “Restricted Stock”) is allotted to Eligible Directors as described below.

Therefore, considering various matters including contribution of the Eligible Directors to the Company, the Company requests that the total amount of monetary compensation claims payable to the Eligible Directors as compensation related to Restricted Stock and separate from the above-mentioned compensation for Directors, is determined as “not exceeding an annual amount of 60 million yen.”

Please note that allotment of Restricted Stock is determined by considering various matters, including contribution of the Eligible Directors to the Company, and is considered reasonable.

Additionally, the Company has a total number of 11 Directors (including 2 outside Directors) and the number will not change when Proposal 1 above is approved as proposed.

Details and the upper limit of the amount of Restricted Stock for the Eligible Directors:

1. Allotment of and payment in relation with Restricted Stock

Based on the resolution of the Board of Directors, the Company will award monetary compensation claims payable to Eligible Directors at an amount not exceeding the above-mentioned annual amount as compensation related to Restricted Stock, and each of the Eligible Directors shall be allotted with Restricted Stock by delivering all such monetary compensation claims in the form of investment in kind.

Additionally, the amount of payment for Restricted Stock will be determined by the Board of Directors of the Company based on the closing price of the common stock of the Company at the Tokyo Stock Exchange on the business day immediately prior to the day the resolution is made (or the closing price on the transaction day immediately prior to such business day if the stock deal is not settled on the day), in a way the amount is not particularly advantageous to the Eligible Directors that are to receive the Restricted Stock.

The above-mentioned monetary compensation claims will be awarded to Eligible Directors on the condition that the Eligible Directors have agreed to the above-mentioned investment in kind and have concluded an agreement concerning allotment of Restricted Stock of which provisions are specified in 3. below.

2. The total amount of Restricted Stock

The total number of 50,000 shares which are Restricted Stock to be allotted to Eligible Directors will be the upper limit of the number of restricted shares to be allotted in each fiscal year.

However, if any stock split (including allotment of common stock of the Company without any contribution) or reverse stock split of common stock of the Company occurs after the resolution is made for this Proposal and if it is necessary to change the total amount of Restricted Stock to be allotted due to such split or reverse split, the total amount of Restricted Stock may be changed in a reasonable manner.

3. Details of the agreement concerning allotment of Restricted Stock

When allotting Restricted Stock, based on the resolution of the Board of Directors of the Company, an agreement

concerning allotment of such stock to be concluded between the Company and Eligible Directors who are to be allotted with such stock will contain the details described below.

(1) Details of transfer restriction

Those Eligible Directors who are to be allotted with Restricted Stock may not distribute the Restricted Stock allotted (hereinafter referred to as the “Allotted Stock”) to any third party by a transfer, establishing the right of pledge or mortgage, or as a gift before death or a testamentary gift or in any other form for a period of one to five years determined by the Board of Directors (hereinafter referred to as the “Transfer Restriction Period”).

(2) Acquisition of Restricted Stock by the Company without contribution

If an Eligible Director allotted with Restricted Stock resigns from the position of Director of the Company prior to the expiration of the Transfer Restriction Period, the Company will acquire the Allotted Stock of the relevant Eligible Director without any contribution, unless the Board of Directors of the Company deems the resignation reasonable.

Additionally, if at the time the Transfer Restriction Period in (1) above expires the transfer restriction has not been removed for some of the Allotted Stock in accordance with the grounds for the removal of the transfer restriction described in (3) below, the Company, as a matter of course, will acquire such stock without any contribution.

(4) Treatment in the event of organizational restructuring, etc.

If during the Transfer Restriction Period a proposal is approved at the Annual General Meeting of Stockholders of the Company (or by the Board of Directors of the Company, when approval at the Annual General Meeting of Stockholders of the Company is not required) concerning concluding a contract of merger to dissolve the Company, share exchange agreement or any other plans concerning organizational restructuring including stock transfer plans to make the Company a wholly-owned subsidiary company, by resolution of the Board of Directors of the Company the transfer restriction will be removed prior to the effective date of such organizational restructuring, etc., for a number of allotted shares to be determined in a reasonable manner based on a period from the date the term of transfer restriction started to the date of approval of the organizational restructuring, etc.

In this case, immediately after the transfer restriction is removed pursuant to the above, as a matter of course, the Company will acquire without any contribution the Allotted Stock for which transfer restriction has not been removed.
